

CAMERON DUFFIN

WEB DEVELOPER

As a self-starting and driven developer, I build responsive and accessible web applications with HTML5, CSS3 (SASS), and Javascript (ES6+) + React. I'm excellent at motivating others, encouraging efficient workflow, and collaborating as a true team player. Experience managing a small team in the music industry has helped me hone effective leadership, time management, and communication skills.

WORK & PROJECTS

Emerge Music Hub

<https://emergemusichub.ca/>

Gatsby.js, SASS, Netlify

- A volunteer project helping young Canadian musicians navigate the music industry. Based on a provided rough design, I built this video-heavy site for EmERGE Music Hub to showcase interviews with professional artists and industry professionals.

Our Day + Remote Respects

<https://www.ourday.ca/>

<https://www.remotespects.ca/>

Gatsby.js, SASS, AWS Amplify

- Two static marketing websites with strong SEO for iSiLIVE Webcasting. The sites aim to expand their business into wedding, funeral and event live streaming.

Popsipoll

<https://popsipoll.netlify.app/>

React, SASS, Firebase, Group Programming

- An anonymous voting app that allows the user to create a custom poll, and share a secret url with friends. Features include unlimited custom poll booths, unique shareable links after creation, and a global dark mode.

EDUCATION

Juno College of Technology

- *Web Development Immersive Bootcamp*
Graduated March 2021

- *Javascript - January 2021*

- *Web Development - December 2020*

Queen's University

- *Bachelor of Sociology w/ Music minor (Hons.)*
Graduated June 2015

EXPERIENCE

Freelance Web Developer

2021

- Built static marketing websites for 2 separate clients. Focused on SEO, modern UI, and high performance.
- Used SASS/Gatsby.js/GraphQL for all sites, and implemented social sharing and Google Rich Text Results.
- Handled all hosting and DNS configuration with multiple hosting providers, and all UI/UX and design elements.

Artist Manager & Songwriter/Musician

2015 to Present

- Managing, booking and playing in Lost Cousins - a band based in Toronto.
- Budgeting, tour management, tour booking and social media strategy
- Performed at major music festivals including Wayhome, Reeperbahn Hamburg, CityFolk Ottawa, NXNE and New Colossus NYC.
